IAMAW
Committee on the Future

Brothers and Sisters.

The IAMAW has taken up an initiative to listen to its members to understand their issues and promote growth, understand the issues of the young IAMAW members and bring up the next generation of Union Leaders and Activists.

This committee will be in Winnipeg and will have a meeting to hear from the members in Manitoba.

Location and Time:

Hilton Hotel Airport Suites
1800 Wellington Ave
1300 to 1500
June 15 2023

If you are unable to attend, you will still be given the opportunity for your voice to be heard. There will be further meetings that will be held virtually in the future.

The intent of the committee is to listen to the entire membership.

The dates and times for the virtual meeting will be sent at a later date.

Please attend if you are able, this is your future.

In solidarity

IAM COMMITTEE ON THE FUTURE

The IAM Committee on the Future wants to hear from you. Join us for Listening Sessions held throughout the U.S. and Canada, and share your ideas for the future of our Union.

Dear IAM Family,

At the 40th IAM Grand Lodge Convention, delegates approved the launching of the [**IAM Committee on the Future**](#) (COTF) to hear from members across North America and develop plans to grow, reach young people, and bring up the next generation of IAM leaders and activists. The COTF committee was tasked with establishing listening sessions in at least two cities in each geographic territory.

[**Click here for a calendar listing of every Committee on the Future Listening Session.**](#)

READ: [A letter](#) from International President Robert Martinez Jr. and General Secretary-Treasurer Dora Cervantes that was sent to every IAM member.

WATCH: [IAM's Committee on the Future Coming to a City Near You](#)

As an IAM leader, we hope you participate in these listening sessions and encourage other members to attend as well. Please visit the [Committee on the Future website](#) for more information or email us at commdept@iamaw.org.

In solidarity,

IAM Committee on the Future
